

Attention Medicare Patients

“Give Seniors the Medicare Coverage They Need and Deserve: Full Access to and Reimbursement for Services Provided by Doctors of Chiropractic”

The chiropractic professions is working toward Medicare equality.

Chiropractors are trained to do exams, therapies, and x-rays, as well as many more things that are **not** a Medicare covered expense.

We are petitioning Congress to change this rule and ask that if you support the idea as well, please use the following link to add your name to the petition.
